

11 Series Emergency Break Glass

The Emergency Exit Break Glass is intended for quick evacuation during fire outbreak or any other emergency situations where the access control system needs to be disabled immediately. It can be used for open or closed circuits. The emergency break glass switch cuts the circuit instantly and disables the door locking mechanism when the soft plastic is pressed hard.

EFS1109

Product Specifications

Output Contacts	: Triple Pole
Operating Voltage	: 12 / 24 VDC
Max Current Rating	: 125 VAC/3A
Operating Temperature	: - 20 - 55 degree celcius
Relative Humidity	: 0 - 95 %
Dimensions	: 90 (L) x 93 (W) x 64 (H) mm
Weight	: 0.20 kg
Material	: ABS Plastic

Special Features

- Backlight Illumination for visual guidance
- Hinged protective cover for added security
- Built in buzzer with adjustable volume
- Status Display - Green (Standby) , Red (Engaged)
- Front side resetable thus suitable for embedded installation
- One set of output with delay function

Cycle Tested
500,000
